Hi Bruce,

Doug Taylor from DEQ and I had a common inspection need at GP's wallboard landfill, and we met with Jace Farnsworth and Xan Camden while in the area. I think you were out of town at the time. Your wallboard disposal area looked fine from our end of things.

We need to start again on the bond calculation and map updates. It sounds like Xan is the new permitting person, replacing Skyler Davies. I gave Xan some hardcopy draft review comments for Jeremy Taylor's bond calculation submittal and for the maps. There are some questions I have about the maps that I thought would be good to figure out before formalizing the review comments. I don't have Xan's email, and thought you would like an update as well, so I'm emailing you so you are aware.

I hope things are going well. After today, I will be out of town for most of the next few weeks with vacation and inspections, but I will be available by email next week. I wanted to touch base before leaving, and will be available to help Xan from my end when I get back.

Peter
